

# Thank You for Using Silas!

Silas was built to make the world just a little brighter, one cheerful press at a time.

Whether you're using Silas to uplift yourself, bring a smile to someone else, or customize it for your own emotional wellness — thank you.

This tool is a small part of a much larger mission: making tech that helps people feel seen, supported, and emotionally understood.

We're glad Silas found a home with you.

— Thomas Couch
